Recall Petition Against Justice at Orange Will Probably

Be Withdrawn

The grand jury expects to complete its work tomorrow and make its final report to Judge West Saturday morning. Today committees are busy finishing final details of their investigations.

It was reported to the grand jury this morning that the old soldiers of selves in behalf of Justice Cox will hear no more on the matter of who does the marrying. The old soldiers were considering presenting petitions from the G.A.R. posts at Orange and Santa Ana, and at Orange a recall petition in the hands of W. N. Paine had been started against Justice Fullerton. It is understood that the recall petition will be withdrawn and the matter dropped where it now

It seems that the movement was started for the purpose of calling attention to the situation. The investigation showed that Justice Fullerton and Landell have been doing some of the marrying. In 1912 they got about 130 weddings each, and Justice Cox The talk that the grand jury might recommend that all fees be turned into the county resulted in looking up the law, which shows that ter-in-law—and a fine old lady she is) during the present terms of office the fees will remain.

Relatives of Dead Man Said to Live in Virginia—Taken From Orphans Asylum-Good Man Turned Into Maniac

Three letters were received today by City Marshal Jernigan giving detailed information concerning Ira Jones. These letters indicate that Jones was losing his mind before he left Oregon. They indicate that a man of good habits, a student and a man of industry, was transformed into the maniac who assaulted a girl on the San Joaquin ranch on Dec. 15 and the next day stood off a sheriff's posse for half a day, killing one man and wounding three others, before he was killed either by a bullet from a member of the posse or by his own hand. Pictures of the dead man are positively identified as likenesses of Jones.

PICTURE OF DEAD DESPERADO IS A PICTURE OF IRA JONES Relatives of Dead Man Said to Live in Virginia-Taken From Orphans Asy-

Three letters were received today by City Marshal Jernigan giving detailed information concerning Ira Jones. These letters indicate that Jones was losing his mind before he left Oregon. They indicate that a man o good habits, a student and a man of industry, was transformed into the maniac who assaulted a girl on the San Joaquin ranch on Dec. 15 and the next day stood off a sheriff's posse for half a day, killing one man and wounding three others, before he was killed either by a bullet from a member of the posse or by his own hand. Pictures of the dead man are positively identified as likenesses of Jones.

CHRISTMAS DINNER

Mr. and Mrs. McElree of Garden Grove Had Out-of-town People as Holiday Guests

Mr. and Mrs. J. T. McElree of Garden Grove entertained Sunday, Dec. 29, with an event that was a real Christmas dinner, although it was a little past the day itself, the spirit of Christmas was shown throughout the whole day.

The decorations were of red and green in the dining room, festoons extending to all four corners from the electric light dome. The table center piece was a small tree, with tiny red and green electric lights peeping out from the branches. Tiny candles of red shone at each place, and a gift for each guest tied with red ribbon made the tree look like Santa Claus surely had been about. When the hostess gave the sign each guest pulled a ribbon and secured a gift. These when opened were found to be various musical instruments each of which was at least "a noise."

Housewives' League Plan Direct Buying From Producers by Parcels Post

SAN FRANCISCO, Jan. 2.-The California branch of the Housewives' Company League, a national organization, has announced a plan to lower the cost of living. By taking advantage of the low parcels post system, which goes into effect January 1, the league would have housewives buy eggs and garden truck direct from the farm, thus eliminating the profit of the middleman. Lists of farmers and gardeners in all parts of the state have been compiled. These men have assured the league that they are willing to ship their prod-ucts by parcels post. Any housewife
